AbundantSleep

SUPPORTS HEALTHY, RESTORATIVE SLEEP

MOOD AND ENERGY STABILITY*
NEUROHORMONAL BALANCE*

ABUNDANT SLEEP

Abundant Sleep enhances restful, healing sleep by restoring healthy brain chemistry. Regain sleep that refreshes, revitalizes and reenergizes mind and body. With **Abundant Sleep** you naturally rebuild resilience. A safer, natural alternative to habit-forming pharmaceuticals, **Abundant Sleep** boosts the body's own production of serotonin, the brain chemical that says "Ah... we can handle this." When the sleep center operates properly, renewing rest occurs. Start **Abundant Sleep** for improved quality of sleep and quality of life.*

Benefits of Abundant Sleep All-Active Formulation:

- Restorative sleep*
- Healthier REM deep sleep rhythms*
- Mood and energy stability*
- Neurohormonal balance*
- Premenstrual and perimenopausal hormone balance*

ADVANCED FORMULA AND BENEFITS

L-Tryptophan

Tryptophan is an essential amino acid that produces a mood-enhancing neurotransmitter called serotonin. When the body is deficient in tryptophan, it also lacks serotonin. This can inhibit sleep and trigger numerous physical and/or mental disorders. Tryptophan deficiencies are associated with depression, insomnia, premenstrual syndrome, schizophrenia, attention deficit disorders and autism-spectrum disorders. Adequate levels of tryptophan are essential for biochemical balance of the brain. **Abundant Sleep** uses only the highest-quality, pharmaceutical-grade L- tryptophan, plus key transport enhancer nutrients, for the most effective results.*

L-Tryptophan to Manage:

- Attention deficit disorder / hyperactivity disorder (ADD / ADHD)*
- Autism Spectrum Disorder (ASD)*
- Mild to moderate depression*

L-Tryptophan vs. 5-HTP

Abundant Sleep uses L-tryptophan – and synergistic ingredients – in their most beneficial, safe and natural forms. By contrast, many sleep supplements use 5-HTP, a downstream metabolite of tryptophan. While both 5 HTP and tryptophan cross the blood brain barrier and convert to serotonin and melatonin, tryptophan is safer, healthier and has a sustained effect. The body can also transform tryptophan into other helpful compounds within the body, like niacin which is helpful in maintaining healthy sleep cycles.*

Additional 100% All-Active Ingredient Features

Abundant Sleep uses nutrients only in their most bioavailable, natural and beneficial forms.

Abundant Sleep delivers the active forms of vitamins B2 (riboflavin 5'-phosphate) and B6 (pyridoxal 5'-phosphate) – essential cofactors that maximize the absorption and benefits of L-tryptophan and strengthen its sleep- and mood-enhancing properties. In cases of mild-to-moderate depression, we recommend combining **Abundant Sleep** with **Abundant Mood**, for maximum mood-enhancing benefit.*

Note: Stay well-hydrated and avoid eating protein two hours before bedtime so the stomach can absorb and metabolize the L-tryptophan in **Abundant Sleep** most efficiently.

Full Disclosure Label (no hidden or inactive ingredients)

Directions: One capsule daily about 30 min before bedtime, or as recommended by a healthcare professional.

SUPPLEMENT FACTS

Serving size: 1 Vegetable Capsule
Servings per container: 90

Energized Nutrients	Amount per serving	% Daily Value
Riboflavin (as Riboflavin 5'-Phosphate)	3 mg	231
Vitamin B-6 (as Pyridoxal 5'-Phosphate)	3 mg	176
L-Tryptophan.....	500 mg	*
Silica (Equisetum botanical)	4 mg	*
Croscarmellose	3 mg	*
C16 & C18 alkyls [†]	5 mg	*
Vegetable Capsule.....	120 mg	*

[†]From whole untreated palm fruit and leaf

*Daily value not established

Other Ingredients: None
