

Flu Milieu

Concentrated Homeopathic Tincture
60 mL NDC 54118-7988-2 / DIN HM 80007537

Drainage Tonifiers

Influenza Immune Drainage & Tonification

Traditional Keynotes:

- Colds & Flu
- Avian Influenza
- Coughs
- “Airplane Flu”
- Homeoprophylaxis

Complementary Remedies:

- Temple Warrior
- Berberine Intrinsic
- GALT Fortifier
- Flora Syntropy
- Olive Leaf Intrinsic
- Dandi Intrinsic
- Sambucus Intrinsic
- Echina Intrinsic
- Myrrh Intrinsic
- Wild Bear Garlic
- Adrenal Life Force
- Licro Intrinsic
- Xeno BioForce
- Alkalize-C

Note:

Anas Barbariae (Oscillococinum) 12X, 30X, 60X, 200CH is synergistically included

Posology: One full dropper 2x daily in warm water, or as directed by a Health Care Practitioner

Drainage and Tonification is central to the healing process. It is well understood that until the extra cellular matrix is clarified, there will not be complete cellular resolution. 1) BioToxicosis remedies such Lymph 1, 2, and 3 assist in the clarification of the systemic drainage pathways 2) Spagyric botanicals decongest, drain and detoxify at the physical level and 3) the Milieu Series provide homeopathic drainage at the point of focal interference. Utilizing this combination, the local and systemic ECM drainage pathways are liberated and healing is the natural outcome as obstacles to cure are no longer an issue. *As an added bonus feature, the Milieu Drainage Tonifiers also contain specific flower remedies designed to assist in the drainage and tonification of the emotional terrain.*

Homeopathic drainage is considered to be a functional process, traditionally accomplished using low potentized remedies. Today, the increasing xenobiotic onslaught upon our world requires a more extended approach.

The Milieu Series of remedies was eclectically and thoughtfully crafted to provide a more global understanding of a case picture. The addition of complementary tonification factors assist in preparing the body for deeper, safe detoxification.

Each remedy provides gentle drainage and tonification, *without causing the immediate release of cellular toxins,* which can create additional complications for BioToxicosis and Homotoxicological processes.

A blend of low potentized, ascending homeopathic glands and hormones combine elegantly with Spagyric botanicals, polychrests, cell salts and flower essences to complete the case picture and ensure a well measured and proportionate response.

Western-approach clinicians report successful integration of the Milieu drainage and tonification remedies in acute situations related to the organ or causal chain indicated. TCM practitioners find that drainage remedies nourish the blood, chi, yin and yang. Similar results are reported in healing arts’ approaches around the world, although with different “poetry”, including Ayurveda, South American traditional medicine, etc.

These unique remedies work exceptionally well in opening up conditions that are stuck or potentially cloaked.

Concerned virologists have been expecting the appearance of a virulent Influenza strain that may well rival the great 1918-1919 Spanish Flu epidemic, which swept the globe in only a matter of months and left between 5 to 50 million people dead in one of the most horrific medical

crises to ever strike the earth. Since that dreadful pandemic, scientists at the Center for Disease Control, in cooperation with the World Health Organization and the Defence Department, have been carefully monitoring both SARS and influenza viruses in anticipation of mutated disease strains, which would be capable of causing a world-wide epidemic equal to, or worse-than, the infamous 1918 Spanish Flu.

The Centre for Disease Control and Prevention (CDC) estimates that each year, 35 to 50 million Americans come down with the flu between November and March. Children are two to three times more likely than adults to get sick and spread the flu virus to others and the elderly are particularly vulnerable to the effects of colds and flu. Therefore, chances are significantly high that someone in most households will catch a cold or the flu this winter.

It is not a matter of pumping or boosting the immune system, it is a matter of regulation and modulation. Boosting the immune system always comes at a cost, as practitioners of homotoxicology well know!

Adrenal insufficiency must be addressed for colds and flu that continue more than 7 days, or take a long time to completely disappear or return again within a short time.

Flu Milieu was designed to provide metabolic leverage and resiliency to support the immune system during colds and flu. Physica Energetics’ unique processing allows the remedy to be custom imprinted, adding to the power of the Milieu, eg. Bryonia 200CH.

Drainage without tonification will prove ineffective, as cells and organs may well buckle under the strain of detoxification. The patient may feel better initially, however, in the long run, the damage will be apparent often in the form of other conditions.

Ingredients:

Anas barbariae 12X, 30X, 60X, 200CH
Baptisia tinctoria 3X
Bryonia alba 12X
Coriandrum sativum 3X
Crotalus horridus 12X

EBV nosode 30X, 60X, 200X
Echinacea angustifolia 1X, 3X
Ginkgo biloba 1X, 3X
Gonolobus condurango 1X, 3X
Influenzinum 30X, 60X, 200X
Kali chloricum 3X

Lachesis muta 12X
Pinus maritima 6X
Pyrogenium 30X, 60X, 200X
Selenium metallicum 12X
Tabebuia impetiginosa 1X, 3X
Thuja occidentalis 6X
Uva ursi 1X, 3X

Viscum album 12X
Crab apple 30CH
Hornbeam 30CH
Oak 30CH
Olive 30CH
Sweet chestnut 30CH
Willow 30CH

Flu Milieu

Materia Medica

Anas barbariae (Barbary Duck Liver) 12X, 30X, 60X, 200CH - Anas Barbariae is from the heart and liver of the Barbary Duck (a known carrier of H5N1) . Research has proven a statistically significant action in decreasing flu-like symptoms, including colds/flu, influenza, cough, runny nose, sore throat and muscle pain, as well as in shortening the duration of the disease. Ascending potencies creates a superior remedy.

Baptisia tinctoria (Wild Indigo) 3X - As an herbal remedy, wild indigo, considered to motivate the immune system in the body, has multiple uses. It is especially beneficial in curing upper respiratory infections like tonsillitis and pharyngitis, the herb is also very useful in healing contagions of the chest, gastrointestinal tract and even the skin. The anti-microbial and immuno-stimulant features of wild indigo help to fight against lymphatic disorders, eg. diminishing lymph swellings. It is also used for CFS, canker sores, gum disease and even sore throats.

Bryonia alba (White Bryony) 12X – Bryonia is used on extreme pain and as a homeopathic anti-inflammatory, for which it is reported to exceed the benefits of non-steroidal anti-inflammatories (NSAIDs). Bryonia Alba has been used to treat pain associated with flu, influenza, back and neck pain such as painful stiffness; needle-like aches and pains in the lumbar region aggravated by walking, turning and stooping; sharp and dull pain from cystitis and bladder infections; kidney pain from stones; sciatica alleviated by lying quietly, especially on the painful side; Bursitis, Arthritis, Fibromyalgia, tendonitis, fracture and joint dislocation.

Coriandrum sativum (Cilantro) 3X - Cilantro is rich in minerals and vitamins A, B, and C. Coriander is widely used to treat stomach problems, nausea, fevers, measles, colds and hernias. Its main uses are for colds, fever and flu-like symptoms.

Crotalus horridus (Timber Rattlesnake) 12X - Blood decomposition includes nosebleeds and other hemorrhages, tendency to carbuncles, paralysis. It is mostly used in conditions with fevers, immune problems due to pathogens.

EBV nosode 30X, 60X, 200X - Epstein-Barr Virus (EBV), also called Human herpes virus 4 (HHV-4), is a virus of the herpes family and is one of the most common viruses in humans. Most people become infected with EBV, which is often asymptomatic but infection commonly causes infectious mononucleosis (also known as glandular fever).

Echinacea angustifolia (Coneflower) 1X, 3X - Research studies show that echinacea contains active substances that enhance the activity of the immune system, relieve pain, reduce inflammation and have hormonal, anti-viral, and anti-oxidant effects. For this reason, professional herbalists use echinacea to treat urinary tract infections, vaginal yeast (candida) infections, ear infections (also known as otitis media), athlete's foot, sinusitis, hay fever (also called allergic rhinitis & other allergic conditions), hormonal balancing, menstrual problems, as well as slow-healing wounds.

Ginkgo biloba (Madien's Hair) 1X, 3X - Ginkgo is used to improve blood and lymph flow, this herb has been studied in people with intermittent claudication. Ginkgo is widely touted as a "brain herb", aiding memory loss, peripheral circulation and tinnitus.

Gonolobus condurango (Condurango) 1X, 3X - Condurango is used as a adaptogenic, alterative, anti-emetic, appetite stimulant, bitter, circulatory stimulant and stomach relaxant; for anorexia nervosa, gastric ulcers, nausea, nervous indigestion and stomach Cancer.

Influenzinum nosode 30X, 60X, 200X - Influenzinum is derived from samples of blood or nasal secretions taken from patients who contracted the flu during the

deadly 1918 flu pandemic and from flu viruses since then until modern times.

Kali chloricum 3X - Is used as an expectorant, for mucus removal, catarrh, eye, ear and mouth inflammation and colds/flu.

Lachesis muta (Bushmaster Snake) 12X - Lachesis decomposes the blood, rendering it more fluid; hence a hæmorrhagic tendency is marked. Purpura, septic states, diphtheria and other low forms of disease, when the system is thoroughly poisoned and the prostration is profound. It is used for swollen, sore throats, headaches associated with flu and colds, sneezing, swollen glands, fevers and aches and pains with flu symptoms.

Pinus maritima (Pine Bark) 6X - Pine bark extract has antioxidant, anti-inflammatory properties, anti-viral and anti-microbial activities and exhibits immunostimulant effects. It inhibits HIV attachment and replication, suppresses encephalomyocarditis virus (EMV) replication and represses Helicobacter pylori growth and adherence to gastric cells.

Pyrogenium 30X, 60X, 200X - Pyrogenium is used for fevers with rapid pulse and fevers that come on slowly with restlessness. Pyrogenium aids sepsis or slow healing from bacterial infection, which can originate from the kidneys (upper urinary tract infection); the liver or the gall bladder; the bowel; the skin or lungs (bacterial pneumonia).

Selenium metallicum (Selenium) 12X - Selenium met. is used for conditions such as CFS and systemic immune conditions caused by bacteria or viruses, where there is rapid mental and physical exhaustion; with unhealthy-looking skin, emaciation, constipation, hair loss and possible malfunction of the nerves governing the genitourinary tract.

Tabebuia impetiginosa (Lapacho) 1X, 3X - Lapacho is considered to be astringent, anti-inflammatory, anti-bacterial, anti-fungal and laxative; it is used to treat ulcers, fevers, syphilis, colds/flu, urinary tract infections, gastrointestinal problems, candida and yeast infections, cancer, diabetes, prostatitis, constipation and allergies.

Thuja occidentalis (White Cedar) 6X - Thuja is used for respiratory tract infections and an anti-viral, used in the treatment of bacterial skin infections and Herpes simplex. It makes an effective expectorant and decongestant remedy and may be used to treat acute bronchitis and other respiratory infections.

Uva ursi (Bearberry) 1X, 3X - Uva ursi's anti-bacterial properties, which can fight infection, are due to several chemicals, including hydroquinone. Uva ursi is used to treat bacterial infection, coughs, urinary tract infections and cystitis and is widely used as a diuretic, astringent and antiseptic.

Viscum album (European Mistletoe) 12X - Mistletoe is used medicinally for headaches, dizziness, energy loss, irritability, vertigo and other symptoms connected with raised blood pressure.

Flowers

Crab Apple 30CH - Cleansing, inner purity, resolving self disgust issues.

Hornbeam 30CH - Enthusiasm, resolving attitudes of weariness and burden.

Oak 30CH - Balanced strength, letting go of inflexible patterns.

Olive 30CH - Revitalization, overcoming exhaustion after struggle.

Sweet Chestnut 30CH - Deep courage and faith, letting go of anguish.

Willow 30CH - Forgiveness, letting go of resentment.

Additional Ingredients:

Reverse osmosis water 68%

Ethanol 12%

Kosher glycerine from palm/or coconut oil 20%
